

Halifax Minster has a varied education programme led by our Education Officer and supported by Minster Volunteers. We recognise that education beyond the classroom is important and aim to meet your curriculum needs. You are invited to explore, experience, and learn by taking part in workshops that celebrate our magnificent 12<sup>th</sup> Century church. Workshop titles provide a guide; we can work with you to make your visit best suit your group. We also encourage self-directed visits which can also be supported by the Education Team. If you would like more information or would like to book a visit, contact Alison Field [education@halifaxminster.org.uk](mailto:education@halifaxminster.org.uk)

Workshops last 1½ - 2hrs and cost £3 per child with a minimum charge of £60. Self-led tours £20
